Profile

front-end web developer with over a 7 of experience. I've worked with startups like Bounce, Healthcaremagic, GlowRoad etc. was a part of a Racing Team, Raced bikes, played the shit out of Dota 2 and counterstrike, Built a YouTube channel and screwed it up.

With a strong emphasis on "Progressive Enhancement", I look for creative ways to push the boundaries of website front-end code without compromising on browser support and performance.

Languages

- English
- Hindi
- Kannada
- Urdu

Interests

Racing Bikes (On race Track not on public roads)

Competitive Gaming (CounterStrike, DOTA2)

History (Mostly war history)

Writing

Gardening
